

Terminologie ADVAN de l'étiquetage

| IT | EN | FR |
|-------------------------------|-----------------------------|---|
| Kit chirurgico | Surgical kit | Kit chirurgical |
| Set replica | Replica set | Jeu de répliques |
| Set replica per laboratorio | Lab set replica | Jeu de répliques pour laboratoire |
| Impianto dentale | Dental implant | Implant dentaire |
| Impianto zigomatico | Zygomatic implant | Implant zygomatique |
| Kit stop frese | Drills stop kit | Kit de butées de fraises |
| Fresa osso alveolare | Alveolar bone drill | Fraise à os alvéolaire |
| Fresa osso compatto | Compact bone drill | Fraise à os compact |
| Fresa osso marginale | Marginal bone drill | Fraise à os marginal |
| Fresa opzionale | Optional drill | Fraise en option |
| Fresa chirurgica | Surgery drill | Fraise chirurgicale |
| Fresa conica | Conical drill | Fraise conique |
| Fresa a spirale | Twist drill | Fraise hélicoïdale |
| Fresa a palla | Marking burr | Fraise boule |
| Fresa a lancia | Pointed starter drill | Fraise pointue |
| Fresa Lindemann | Lindemann drill | Fraise Lindemann |
| Estensione per frese | Drill extension | Rallonge pour fraises |
| Driver impianto per manipolo | Handpiece implant driver | Tournevis à implant pour pièce à main |
| Driver impianto manuale | Manual implant driver | Tournevis à implant manuel |
| Driver protesica per manipolo | Handpiece prosthetic driver | Tournevis prothétique pour pièce à main |
| Driver protesica manuale | Manual prosthetic driver | Tournevis prothétique manuel |
| Driver dinamico | Dynamic driver | Tournevis dynamique |
| Driver MUA | MUA driver | Tournevis MUA |
| Driver OVD | OVD driver | Tournevis OVD |
| Indicatore di direzione | Parallel pin | Indicateur de direction |
| Misuratore di profondità | Depth probe | Jauge de profondeur |
| Cricchetto dinamometrico | Torque wrench | Clé à cliquet dynamométrique |
| Adattatore per cricchetto | Ratchet adapter | Adaptateur pour clé à cliquet |
| Pinzette in titanio | Titanium fórceps | Brucelles en titane |

| | | |
|---|---------------------------------|---|
| Driver chirurgico | Surgical driver | Tournevis chirurgical |
| Vaschetta per osso | Bone bowl | Plateau à os |
| Lucidi radiografici | Implant-sizing overlay | Clichés radiographiques |
| Fresa step | Step drill | Fraise à étages |
| Fresa diamantata | Diamond drill | Fraise diamantée |
| Vite di copertura | Cover screw | Vis de couverture |
| Moncone di guarigione | Healing abutment | Pilier de cicatrisation |
| Moncone transfer | Transfer abutment | Pilier de transfert |
| Vite transfer | Transfer screw | Vis de transfert |
| Cappetta transfer | Transfer cap | Coiffe de transfert |
| Cannula transfer | Transfer cannula | Canule de transfert |
| Moncone da scansione | Scan abutment | Pilier de scannage |
| Analogo da impianto | Implant analog | Analogue d'implant |
| Analogo digitale | Digital analog | Analogue numérique |
| Moncone Ti-Base | Ti-Base abutment | Pilier Ti-Base |
| Moncone Uni-Base | Uni-Base abutment | Pilier Uni-Base |
| Moncone Pre-Milled | Pre-Milled abutment | Pilier pré-usiné |
| Moncone in titanio provvisorio | Titanium temporary abutment | Pilier provisoire en titane |
| Moncone in titanio | Titanium abutment | Pilier en titane |
| Moncone fresabile | Millable abutment | Pilier fraisable |
| Moncone da sovrافusione con base CoCr28Mo | CoCr28Mo base castable abutment | Pilier de surcoulée avec base en CoCr28Mo |
| Moncone EASy | EASy abutment | Pilier EASy |
| Cappetta EASy Skin | EASy Skin cap | Coiffe EASy Skin |
| Moncone Multi-Unit dritto | Straight Multi-Unit Abutment | Pilier Multi-Unit droit |
| Moncone Multi-Unit angolato | Angled Multi-Unit Abutment | Pilier Multi-Unit angulaire |
| Cilindro calcinabile | Castable sleeve | Manchon calcinabile |
| Moncone calcinabile | Castable abutment | Pilier calcinabile |
| Transfer MUA | MUA transfer | Transfert MUA |
| Analogo MUA | MUA analog | Analogue MUA |
| Scan abutment MUA | MUA Scan abutment | Pilier de scannage MUA |

| | | |
|--------------------------|--------------------------|------------------------------|
| Cilindro in titanio MUA | MUA Titanium Sleeve | Manchon en titane MUA |
| Cuffia di guarigione MUA | MUA healing cup | Coiffe de cicatrisation MUA |
| Moncone Uni-Base MUA | MUA Uni-Base abutment | Pilier Uni-Base MUA |
| Preparatore di spalla | Countersink | Fraise à épaulement |
| Bussola stop per fresa | Drill stop | Douille de butée pour fraise |
| Moncone Gingival Former | Gingival Former Abutment | Pilier Gingival Former |
| Vite di copertura GFA | GFA cover screw | Vis de couverture GFA |
| Analogo GFA | GFA analog | Analogue GFA |
| Cilindro provvisorio | Temporary sleeve | Manchon provisoire |
| Molare | Molar | Molaire |
| Premolare | Premolar | Prémolaire |
| Incisivo superiore | Superior incisor | Incisive supérieure |
| Incisivo inferiore | Inferior incisor | Incisivo inferiore |
| Vite protesica tipo A | Prosthetic screw type A | Vis prothétique de type A |
| Vite dinamica tipo A | Dynamic screw type A | Vis dynamique de type A |
| Vite protesica tipo B | Prosthetic screw type B | Vis prothétique de type B |
| Vite dinamica tipo B | Dynamic screw type B | Vis dynamique de type B |
| Vite protesica tipo C | Prosthetic screw type C | Vis prothétique de type C |
| Vite dinamica tipo C | Dynamic screw type C | Vis dynamique de type C |
| Vite protesica tipo D | Prosthetic screw type D | Vis prothétique de type D |
| Vite di ritenzione | Retaining screw | Vis de rétention |
| Planisher | Planisher | Instrument de planage |
| Fresa iniziale | Initial drill | Fraise initiale |
| Mucotomo | Mucotome | Mucotome |
| Boccola guida | Guide sleeve | Douille de guidage |
| Mount per impianto | Implant mount | Porte-implant |
| Pin crestale | Crestal pin | Pivot de crête |
| Fresa per pin crestale | Crestal pin drill | Fraise pour pivot crestal |
| Pin laterale | Lateral pin | Pivot latéral |
| Fresa per pin laterale | Lateral pin drill | Fraise pour pivot latéral |
| Vite per mount | Mount screw | Vis pour porte-implant |
| Estrattore manuale | Manual extractor | Extracteur manuel |
| Driver mount | Mount driver | Tournevis pour porte-implant |
| Boccola per pin laterale | Sleeve for lateral pin | Douille pour pivot latéral |
